

# About Scholarship (Student version)

Based on what i know:

- Rules are never stable in HITSZ
- Scholarship is assessed the following way : Top 20% of students get Stipend + tuition waver / then the other 50% gets tuition waver / then the last 30% pays 6k (but the student must fail less than 3 compulsory courses )
- Pre calculus does not affect the core GPA as well as the ranking
- The attendance rate must be above 80% to get the scholarship ( you might face problems with the immigration center if it is below 90%)
- Cheating = losing the scholarship
- Missing 1/3 of a course classes = failing the course
- Makeup exams are usually held 1 week before the next semester begins
- Makeup exams are usually more difficult than normal ones
- Asking for score recheck can be done through the JW system but will rarely lead to getting a higher score than the original one
- To apply for the Guangdong and Shenzhen Universiade scholarships you must be in the top 30% of students + no exam score is below 75/100
- If a student passes the makeup exam the original GPA / Ranking won't change no matter how much they get in the makeup exam
- Failing over 2 compulsory exams = paying 30k
