The virtual campus wallet is accessed through the 'Shenzhen University Town Campus Card' WeChat mini program. It is not the physical bank card itself but a separate account for campus services.

02

Physical Debit Card

Formal students receive a combined card with both functions. Short-term visitors may get a temporary or e-card with limited campus and banking functions.

03

Combing Both Functions

The physical Ping An UnionPay debit card is a fully-fledged bank card valid nationwide. It can be used for daily transactions, cash withdrawals, and international transfers.
